

V-Series Dry Vacuum

V-Series Vacuum System

DCI extends its commitment to making our customers' lives easier and delivering the highest quality products into the dental industry to our new V-Series Vacuum System. Our history of reliability and serviceability is continued in the V-Series Vacuum System. This unique dry vacuum system meets all the needs of today's busy dental practice, from quiet and efficient operation to consistent vacuum levels no matter how many users are utilizing the system.
